About Seven Stars Brands (S^2B)

SEVENSTARS Brands Limited

Seven Stars Brands (S^2B) is founded by a group of strategic planning professionals who have over their illustrious careers' paths been instrumental in developing strategic plans and supporting their execution on behalf of public and private sectors within Kenya.

To achieve an experiential learning program, Seven Stars Brand developed a patent cutting-edge training methodology referred to as *"A Location-Based System of Conducting Learning Sessions"* (UM No 429) that leverages advanced technologies such as Global Positioning System (GPS), Augmented Reality (AR), specially developed learning modules, and real-time data analytics. It aims to revolutionize training sessions by providing a highly immersive and interactive experience that enhances participant engagement, physical enhancement, knowledge retention, and overall training effectiveness. To support our training sessions, the inventor has two major copyrights on *"Strategic Planning Implementation (The Trophy Model)"* and *"Business Intelligence Dashboard Monitoring Evaluation of Strategic Plans (BIDMESP)".*

Our Specialization

It is beyond reasonable doubt that strategic planning and the monitoring and evaluating of institutions and businesses are the principal benchmarks for successful business engagement. The individuals'/team roles and know-how have a consequential and resonating direct impact on any organization implementing a strategic plan, and overall success.

We aim at articulating and developing expertise in the configurations of strategic plans, that include and are not limited to financial imperative, operational efficiency, human resource alignment, and strategic market engagement for effective organizational longevity.
